

~~INTERN~~

~~DABIN~~ (CONT'D)

Just finished first round of chemo and radiation targeting second malignant melanoma. Orbital fracture and contusion with laceration, due to fall. Fall, most likely due to hypotension.

DOCTOR

You're not a young man anymore, Mr. Stamper.

MR. STAMPER

Old news.

DOCTOR

Yeah... You need to get up out of your chair just a little slower.

Mr. Stamper opens his mouth to reply-

DOCTOR (CONT'D)

Cassi, what can we do with the low blood pressure?

BEAT.

~~INTERN~~

~~CASSI~~

Fludrocortisone?

DOCTOR

Sure... But he has to watch his...

Doctor places stethoscope over Mr. Stamper's heart.

~~INTERN~~

~~CASSI~~

Potassium levels.

DOCTOR

Yes. Excellent. So... Mr. Stamper, I'm also prescribing Fludrocortisone.

He places stethoscope on Mr. Stamper's back.

DOCTOR (CONT'D)

Deep breath.

Mr. Stamper take a deep breath.

DOCTOR (CONT'D)

Which, will greatly decrease your potassium levels.
